

Zero Budget Natural Farming Cuts Water, Energy Use by Half
A new study by the Center for Study of Science, Technology and Policy (CSTEP), Bangalore, published in February 2020, on Zero Budget Natural Farming has found considerable gains to farmers' income from better yield and reduction in cost of energy and water use. [Read More>>](#)

Pandemic, Biodiversity, Business - What India Can Do
It's now more than clear that pandemics are the result of severe loss of biodiversity. While the world and India will put all their might for regaining economic growth once the pandemic subsides, shouldn't they also simultaneously plan for restoration and enhancement of biodiversity? [Read More>>](#)
